Small School, Enormous Opportunities

Dear Parents, Carers and Friends,

We have quickly arrived at the end of week two already, and what an exciting start to the term it has been! Our Small Schools combined Sports Day was a huge success with all students participating and having fun. I would like to acknowledge and thank the staff for the huge job it was to organise such a successful day for so many schools!

This week we had school photos on Monday and yesterday we had some excitement with students spotting a brown snake in our shelter shed. All of the staff were so proud of our students for calmly moving out of the shelter shed and notifying everyone immediately. Clearly our many snake talks have been well heard and I am so proud of our students, knowing how calm they can act in a situation like spotting a snake. Unfortunately, as we have some warm days ahead of us, I am sure we will be seeing more snakes sharing our school grounds, so we will continue to discuss snake safety and have 'snake drills', and students are busily working on a short video clip to discuss snake safety.

Arbury Park Camp

Camp is only three weeks away now, so with this newsletter you will see all required forms for camp. Thank you all for finalising payment by the due date. If your child has any dietary requirements or has any medical needs/ takes medications, please speak to Kellie as soon as possible so that we can ensure all the required forms are completed well before camp. Staff and students are all very excited about camp (and I know of a few parents who are too!)

STEM Day at Meldanda

Next Friday students will be travelling to Cambrai PS to participate in a STEM Day. Permission forms for this have also accompanied this week's newsletter. Please return to school as soon as possible. Thank you.
