

## Play Area upgrade

Over the last couple of weeks we have been continuing our upgrade of the play area. In week 1 we were lucky enough to have Andy Loyd (Cleaner) come and put together the sandpit bases we purchased from Bunnings... then Mulch & More came with the Sandpit sand to complete part 1. This week we were squeezing a semi into our yard... to deliver the Bark chips to comply with W.H.S. and make the grounds look neat & tidy.

Calling out for unwanted kitchen utensils!

If you have any baking trays, muffin trays, pots and pans we would be most grateful for these to be used in our Mud Kitchen and Cubby House so that students can make beautiful creations like these.  
Thank you everyone!

Respect

*Small School, Enormous Opportunities*

*Dear Families,*

### Message from Lauren....

Welcome back to Term 3. We all have our fingers and toes crossed that this term is a much safer and settled term with all the Covid-19 restrictions easing slightly at the moment in SA. We have a few exciting events scheduled this term, firstly being the annual Road & Cycle Safety Centre excursion at Ridgehaven on Friday 4th September and Sports Day with Cambrai on the last day of this Term.

### Road and Cycle Safety Centre

We will be travelling by bus as usual, and ask that families pay \$10.00 per student to go towards the cost of the bus. Students may bring their own helmets, or there are helmets to borrow at the centre. A permission form has been included as an insert to this newsletter.

### Cambrai Sports Day

Our first combined Sports Day with Cambrai last year was a huge success with students loving the opportunity to try some challenging athletic events including discus, shot put, high jump etc. The feedback we received was extremely positive and after post-poning it in term one, we are very excited that it will (hopefully!) happen on the last day of this term if restrictions stay as they are. More information about this day will follow closer to the date.

### New TV in the tech room

We have just had our new HUGE TV installed in the tech room, replacing our very old and unreliable projector. This will make lessons much easier as we can plug our teacher laptops straight into the TV screen and students have a crystal clear projection to view. Students are very excited to finally have some working technology and look forward to this supporting their learning.

kindest regards, Lauren
